## Interests and Skills

### Interests/Hobbies:

- Video Games
  Playing games since I was very young with my brother's console then later into PC which got me into coding.
- Reading
  Gaming got me into reading some books on the games I was playing like Halo so I could then see what was happening in that universe other than what was on the game and then continued reading other books after.
- Gym/Swimming
  Trying to be healthier when and where I can be with working and studying and I always loved swimming when I was younger and always try to go swimming when I can.
- Spending time with family/friends
- Coding Projects
  When I got into coding I started trying to build random apps and websites like my Hair Salon website and weather app later website.

### Skills:

- Customer Service Training
- Fist Aid Training
- Lifeguard Training
- Manual handling training.
